

Consultation Response from Janine Ward, Secretary, Committee of Management,
Public Employees' Pension Fund and Management Board, Jersey Teachers'
Superannuation Fund

Further to your e-mail on 29 May I can confirm that your discussion papers have been brought to the attention of the Management Board of the Jersey Teachers Superannuation Fund and the Committee of Management of the Public Employees Pension Fund and I can confirm that no material issues were noted. I was, however, requested to highlight the fact that as independent entities rather than States Bodies, the Schemes technically fall outside the scope of the consultation, notwithstanding the fact that the C&AG has the power (delegated by the Treasurer in the case of JTSP) to appoint auditors to those funds.
