

Ms Lynn Pamment
Comptroller and Auditor General
By email

31st July 2020

Dear Comptroller and Auditor General,

Scrutiny Liaison Committee (SLC) and Public Accounts Committee (PAC)

Code of Audit Practice consultation

Firstly, we would like to express our gratitude for extending the consultation timeline so that a comprehensive response could be prepared.

Having reviewed the proposed adjustments, we perceive that the Revised Codes of Audit Practice provide an excellent approach to formalise and improve current practices. Furthermore, we have confidence that the suggested legislative changes to the Comptroller and Auditor General (Jersey) Law 2014 will remove unnecessary layers of complexity and should serve to streamline and reduce inconsistencies whilst providing clarity and a consistent framework to all stakeholders.

Please find our detailed comments attached, however in conclusion we are fully supportive of the work being undertaken in these areas.

Yours sincerely,

Senator Kristina Moore
President, Scrutiny Liaison Committee

Senator Sarah Ferguson,
Chair, Public Accounts Committee
