

Comptroller and Auditor General: Recruitment of Independent Member of the Board of Governance

The Comptroller and Auditor General (C&AG) is the supreme audit institution for Jersey, reporting publicly to the States Assembly. The principal function of the Board of Governance is to keep under review whether the C&AG has used and is using the resources provided by the States properly, efficiently and effectively.

The Board currently comprises an independent Chair, one other independent member and the C&AG. Both independent members have experience of public audit in the UK but the States, in accordance with a suggestion from the Board, are seeking to recruit a further independent member with the specific purpose of broadening the collective experience and outlook of the Board. Knowledge of Jersey would be of particular value.

The board meets three times a year. Meetings may be held at the Government of Jersey London office, in Jersey or by video conference. Full details of the appointment, as well as essential and desirable skills, experience and knowledge, can be found on the Jersey Audit Office website (www.jerseyauditoffice.je). Potential applicants should note the restrictions in the C&AG (Board of Governance) (Jersey) Order 2015 that prevent those with certain connections with the States serving as an independent member of the Board.

Appointments will be from 1 February 2018 or as soon as practicable thereafter on a four year fixed term basis with potential for renewal for one subsequent term. The position is unpaid but travel and subsistence costs will be met.

Applications should be submitted by email to enquiries@jerseyauditoffice.je no later than **10 am on 20 November 2017**. Applicants should submit a succinct statement setting out why they could make a useful contribution to the work of the Board of Governance and a CV.

Potential applicants can obtain further information from Stephen Warren, Secretary to the Board of Governance (stephen.warren@jerseyauditoffice.je).
