

**The Comptroller and Auditor General for Jersey, Lynn Pamment, has issued the following statement in respect of the COVID-19 virus.**

Like everyone, we are monitoring the situation in respect of the COVID-19 virus closely. My primary concern is for the health and well-being of the Jersey Audit Office Team and their families, of our stakeholders and of the wider community in Jersey.

In carrying out my statutory responsibilities as Comptroller and Auditor General, we will continue with our 2020 audit programme using all electronic means available to us and respecting current travel arrangements in place on and off the Island.

I am mindful of the additional burdens on our government stakeholders with whom we work very closely, as this is a crucial time for all communities. Respectful of the pressures we are all facing, we will be flexible and supportive in our dealings with all Islanders.
